READING & PHONICS AT LUDDENDEN CE SCHOOL

Year 1

Children will read with an adult at least once a week. Lower ability pupils will read with an adult twice a week. Children will read their book in school with an adult for one week then take the same book home for one week. This will develop comprehension skills and give pupils the opportunity to focus on fluency. Parents are given a letter at the beginning of the year to explain how this works. Reading books have comprehension questions in the back of the book and activities for after reading.

- **Pass the phonics screening test**
- **Retell stories they have read**
- **Be on 'Orange' book band at the end of Year 1**
- **Apply phonic knowledge and skills as the route to decode words**
- **Pass Benchmark 15**
- **Read at least one book as a class from each of the 5 Plagues of Reading spine.**
- Respond speedily with the correct sound to graphemes (letters or groups of letters) for all 40+ phonemes, including, where applicable, alternative sounds for graphemes
- Read accurately by blending sounds in unfamiliar words containing GPCs that have been taught
- Read common exception words, noting unusual correspondences between spelling and sound and where these occur in the word
- Read words containing taught GPCs and –s, –es, –ing, –ed, –er and –est endings
- Read other words of more than one syllable that contain taught GPCs
- Read words with contractions [for example, I'm, I'll, we'll], and understand that the apostrophe represents the omitted letter(s)
- Read aloud accurately books that are consistent with their developing phonic knowledge and that do not require them to use other strategies to work out words
- Re-read these books to build up their fluency and confidence in word reading.

Year 2

Children follow the same approach as in Year 1, reading their book in school for a week then taking it home for 1 week.

- **Have a reading age of at least 8 years**
- **Talk about books**
- **Be on 'White' book band by the end of Year 2**
- **Pass Benchmark 24**
- **Read at least one book as a class from each of the 5 Plagues of Reading spine**
- Continue to apply phonic knowledge and skills as the route to decode words until automatic decoding has become embedded and reading is fluent
- Read accurately by blending the sounds in words that contain the graphemes taught so far, especially recognising alternative sounds for graphemes
- Read accurately words of two or more syllables that contain the same graphemes as above
- Read words containing common suffixes
- Read further common exception words, noting unusual correspondences between spelling and sound and where these occur in the word
- Read most words quickly and accurately, without overt sounding and blending, when they have been frequently encountered
- Read aloud books closely matched to their improving phonic knowledge, sounding out unfamiliar words accurately, automatically and without undue hesitation
- Re-read these books to build up their fluency and confidence in word reading.
